### MRS. HARDING TRIES FLYING AT PANAMA.

Mrs. Warren G. Harding, wife of the President-elect (on right), with Mrs. R. B. George, president of the flying club, ready for a flight at the naval air station, Panama, during the visit of the Harding party recently. It was Mrs. Harding's first flight and she described it as "perfectly wonderful." The trip was made in a naval plane.

### PASSENGER ASSOCIATION HOLDS ANNUAL BANQUET

Rate Schedules and Terminal Connections Forgotten During Merry-making.

Rate schedules and terminal connections were forgotten for a time last night by 200 members of the Washington Passenger Association while they made merry at the third annual banquet of the organization at the Dewey hotel, the guests of honor being Joan Temple Graves, Conrad H. Syme and Milton C. Elliott. Howard L. Kameo, traveling passenger agent for the Atlantic Coast line, presided as toastmaster, and the Musurgia Quartet gave a musical program. High tribute was paid to the patience and tact of the railroad men who come in contact with the traveling public, and Mr. Elliott suggested that if the incoming administration would pick its diplomatic representatives from among the ticket agents there would be no need of a league of nations. The passenger agents, the ticket agents and other railroad men who meet the public directly do more to make a road popular than do the superintendents and presidents of the road, said Mr. Graves, who urged that the spirit of helpfulness, patience and consideration for others that so often distinguishes those employees be made a principle of the daily life of every one. Mr. Syme spoke in a humorous way of "The Passing of the Free Pass," and recalled in anecdotal style the days when an acquaintance with a railroad official made it unnecessary for a traveler to patronize the ticket agent.

### COUNCIL OF SOCIAL AGENCIES PLANNED

Associated Charities and Citizens' Relief Approve Organization; Report on Work.

Formation of a council of social agencies here was approved at a meeting of the board of managers of the Associated Charities and Citizens' Relief Association held yesterday afternoon. The board approved the publication of its annual "Christmas Opportunities," beginning ten days before Christmas. This will be the eleventh year that the appeal for a selected group of pension families has been made. The visitors of the society spent \$1,493.43 for relief orders drawn upon the Citizens' Relief Association and \$2,167.90 for family pensions and living expenses through the special relief funds of the Associated Charities, making a total of \$3,661.33. This is an increase of 50 per cent over the corresponding period of last year. The part which sickness plays in the current work of the society is indicated by the fact that 57 per cent of the 309 families under care were reported as suffering from physical disabilities. Unemployment was found in sixty-five of the total number of families under care, and underemployment or part time employment, insufficient in amount to maintain the family was a problem in fifty-seven instances.

### SENATE BEGINS DEBATE ON MEAT PACKING BILL

Kenyon Says Two Main Charges Should Be Approved or Disapproved.

Debate on the Kenyon bill for government regulation of the meat packers was begun in the Senate yesterday by Senator Kenyon of Iowa. The bill is the unfinished business of the Senate. "Two main charges, reiterated time and again, deserve either a disapproval or action by Congress," Senator Kenyon said. "The first is that the five great Chicago packers, Swift, Armour, Morrison, Wilson and Cudahy, acting in combination, have substantially monopolized the industry. The second, that by their growing tendency to monopolize the distribution of other foodstuffs and meat they constitute a threat against the welfare of the entire consuming public."

"What I have to say rests upon the authority of the trade commission. I know, too, all the old methods with which the packers have fought meat inspection and investigation, the assemblage of the greatest and most powerful lobby ever called to Washington. The packers' accounting systems were criticised by Senator Kenyon, who said it was inconceivable that the packers would show a loss on meats and large profits on by-products. Senator Reed, Missouri Democrat, questioned the success of a federal administrative commission, and when Senator Kenyon suggested that the Interstate Commerce Commission was a success, Senator Reed replied that it was "very nearly a failure, having done nothing but raise railroad rates."

**FIRE DESTROYS TEXAS DOCK.**  
HOUSTON, Tex., December 9.—The 600-foot dock of the Humble Oil and Refining Company, at Baytown, on the ship channel near here, was destroyed by fire yesterday. The loss was estimated at \$200,000.

### PETWORTH SCHOOL CENSUS SHOWS 2,334

Final Returns Will Show Increase. Education Board Is Informed.

There are 2,334 persons under twenty-one years of age in Petworth, according to a preliminary report of the results of a school census taken in that community by citizens, which was submitted to the board of education at its conference with representatives of the civic organizations last night at the Franklin School. The report stated that returns have not been received from about seventy homes, and the final tabulation of the census will show an increase in the figures contained in the preliminary statement. The school census was started Monday by seventy enumerators. The ultimate tabulation of the returns will be completed soon and submitted to the school board at its meeting Wednesday. The preliminary report shows that there are 1,732 homes in Petworth, of which 1,525 are owned by the occupants; 646 children under five years of age in the community; 91 children in the kindergarten of five and six years of age; 58 children of five and six years of age who are not in kindergarten; 1,009 children in public elementary schools; 38 children in private schools; 260 children in high schools; 30 students in college; 167 persons under twenty-one years of age employed; 22 persons under twenty-one years of age neither in school nor employed; 274 children in Petworth attending public elementary schools outside the community, and 3 atypical children. The committee pointed out in its preliminary report to the school board that it "believes that these figures greatly emphasize our need for the improvements requested in our former petitions."

### HAS PLAN FOR CAROLING.

Charles S. Wenger, director of the National Community Chorus, is to outline a plan for city-wide caroling on Christmas eve, at a meeting to be held at 8 o'clock tonight at Community Service building, 915 10th street northwest.

### BENEFACTORS VISIT CHILDREN'S HOSPITAL

Donors to Fund Campaign Shown Improvements Their Help Made Possible.

For more than two hours yesterday afternoon wards, halls, playrooms and other parts of the Children's Hospital, 13th and W streets northwest, were filled with a throng of interested visitors, escorted by delegations of proud hosts recruited from the board of directors and board of lady visitors. The visits were in response to a widespread invitation to the 2,000 donors to last year's financial campaign to make a special inspection of the hospital and see what has been accomplished with the \$75,000 raised. The visitors could hardly recognize some of the old departments and rooms, and were interested in alterations, renovations and the many items of new and much-needed equipment that have been installed. The patients seemed to be particularly proud in their temporary home and to be grateful to those faithful ones whose unselfish and persistent efforts had made possible the changes and improvements. Among those who acted as hostesses and guides were Mrs. Frederick H. Brooke, president of the board; Mrs. Horace Wescott, Mrs. Cuno H. Rudolph, Mrs. Eldridge E. Jordan, Mrs. Thomas Bell Sweeney, Mrs. Frank Hight, Mrs. S. B. Elkins, Mrs. Clarence Wilson, Mrs. N. L. Burchell, Mrs. A. W. Ferguson, Mrs. William Hammond, Mrs. Reginald Fendall, Mrs. G. Thomas Dunlop, Mrs. Alanson Houghton, Mrs. Barker, Mrs. Randolph Mason, Mrs. Upshur Moorehead, Miss Bertha H. Looker and Miss Julia Smoot. Among the directors present were Cuno H. Rudolph, H. B. Fairbanks, N. L. Burchell, Dr. Frank L. Leach, Dr. Joseph Wall, Arthur C. Moses and M. T. Hanford. There are approximately sixty patients in the hospital at present, half of whom are board of charity cases. There are forty-four members of the nursing corps on duty and the medical staff has recently been increased to twenty-five doctors. Miss Mattie Gibson is the new superintendent of the hospital and Miss Minnie Goodnow the new superintendent of nurses. There is now only one important adjunct missing—a nurses' home, the present quarters plainly being overcrowded.

### SHIPPING BOARD ELECTS.

Frederick I. Thompson of Alabama yesterday was elected vice chairman of the United States Shipping Board. His election completes the organization of the board, the other officers having been selected last week.

## 25 Men Wanted

To represent million-dollar tire and accessory chain store system in the capacity of traveling missionary salesmen.

First of all, you must possess personality, secondly, salesmanship ability (or a willingness to learn), and third, a high degree of honesty, coupled with real sincerity of purpose. Successful applicant must become associate. Ages between 20 and 40.

The men whom we select will travel in groups of five for four months—a probationary period which will determine their future fitness for permanent, well-paid positions in the various units of our merchandising department.

If your efforts—and results—measure up to the high personal standards of this big company, you can make yourself eligible for an executive position. Write us fully and definitely about yourself—and convince us why you should be given this big opportunity, or call at our nearest office.

### Kissing to Pass In All Official French Affairs

Cross-Atlantic Cable Service to the Stars. PARIS, December 9.—Kissing is to be stopped as an official function in France. When presenting decorations of the Legion of Honor or prizes to women students or receiving bouquets from little girls, the President of France has kissed thousands of French faces, bearded or smooth, annually. President Millerand announced that he will kiss no more as a state function.

### SERVICE NAME CHANGED.

Red Cross Auxiliary Hereafter to Be "Volunteer."

The dates marking the opening and closing of the annual roll call of the Red Cross for the past four years, namely Armistice and Thanksgiving days, were unanimously approved yesterday by the 300 men and women attending the closing session of the two-day conference of chapter delegates at national headquarters here. Other resolutions adopted provided that the name of the service hitherto known as "auxiliary service" shall be given the title "Red Cross volunteer service," that home service to former service men may be discontinued under certain circumstances, and that the chapters shall render former service men to secure settlement of any new or unsettled government claims.

### START NAVY BILL HEARINGS.

Hearings were started today by the House naval affairs committee on the bill introduced during the last session by Chairman Butler of Pennsylvania. This measure proposes to place men serving in the merchant marine in the naval reserve subject to duty with the Navy during war and emergencies.
